On arrival at the venue, each school will be provided with a clipboard together with team sheets. Teachers will be required to write in the finishing positions for each pupil in the space provided.

On finishing the race, pupils will be provided with a token showing their position. Teachers are advised to write the finishing position against the pupils name on the team sheet as soon as the runner hands over the token. This will save a lot of time after the event.

Additional runners may be added to the team sheet on the day. Teachers will be asked to provide school name, runners name, runners year group and gender and the finishing position for each pupil added to the team sheet..

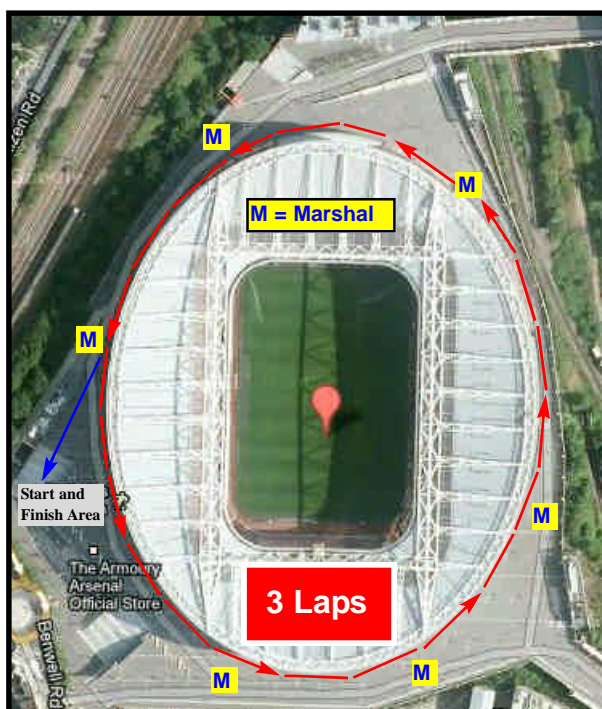

Team sheets will be available for team managers to collect from 3.40pm on the day.

Course will be three laps around the Emirates Stadium, home to Arsenal Football Club.

All questions should be directed towards the organiser:

Jacob Allen of Central Foundation Boys' School

Email: allenj@cfbs.islington.sch.uk

Toilet facilities will be available at the venue.

Race administration will be located in the start and finish, area, near Gate A of the stadium.

Each school is requested to provide a volunteer Marshal.

These races can never have too many marshalls. The role is far more enjoyable if two or three individuals are able to stand together.

Results to all races will be available at:
